“Safer & Superior” R&D Standard

- 1 Safer for the Environment**
- 2 Safer for Human Contact**
- 3 Superior Performance**
- 4 Superior Cost**

Every Green Concepts product must meet this standard.
The “Safer & Superior” Product Standard ensures users do not lose out on performance or cost when switching to safer and more environmentally friendly products.

Certifications & Partnership

Green Concepts Products

Recognized for safer chemistry

All products with this logo meet the Green Seal™ environmental standard for industrial cleaners based on their reduced human and aquatic toxicity and reduced smog production potential

This logo represents Canada's Environmental Choice product registration

All products with this logo have Carpet & Rug Institute certification

All products will be available for sale to the Federal Government under the authority of the U.S. General Services Administration

All products with this logo are KOSHER approved

Member of U.S. Green Building Council, the organization that certifies green buildings through the LEED program

Member of People for the Ethical Treatment of Animals (PETA). Raw materials used in our products are not animal derived, or subjected to animal testing
